VOLUME CVII.--NO. 178. ALEXANDRIA, VA., THURSDAY EVENING, JULY 26, 1906. PRICE 2 CENTS.

A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn *why* this medicine has such a wide range of application in the cure of diseases. It is sent *free*. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains no alcohol or harmful, habit-forming drug. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

MAYOR JOHNSON IN CONTEMPT.

Papers were served on Mayor Tom L. Johnson in Cleveland, Ohio, late yesterday afternoon, citing him to appear in Common Plase Court this morning to show cause why he should not be punished for contempt for violating a temporary injunction issued by Judge Ford yesterday.

The injunction was issued upon application of the Cleveland Electric Railway Company, and restrained the city from proceeding further with the tearing up of the street railway tracks in Fulton street, which was begun by a force of several hundred men, under the personal direction of Mayor Johnson, early yesterday. The work of tearing away the tracks was well under way when the restraining orders were served on the mayor, and no attention was paid to them when they were served.

The matter is the outgrowth so far of the contest which is on between the Cleveland Electric Railway Company, which is seeking an extension of its franchises, and the new Municipal Traction Company, backed by Mayor Johnson and others, which proposes to operate a number of street car lines on the 3-cent fare basis.

While the work of tearing up the old company's line was in progress Judge Ford granted an injunction restraining the city and Municipal Traction Company from further interference with the tracks. The Cleveland Electric Railway Company declared the action of the city in ordering the tracks torn up was a violation of its franchise rights. The injunction was served upon Mayor Johnson personally. He acknowledged the service and put the document in his pocket, but told the men to proceed with their work, and ignored the court's order.

The work of tearing up the old track in Fulton street was completed shortly after noon, and preparations were at once begun to lay the tracks of the Municipal Street Railway Company in that thoroughfare.

Mayor Johnson said last night: "On June 11 the city council, by resolution, ordered the railway company to move its single track on Fulton street, and directed the board of public service to move the tracks unless the company complied within thirty days. That was six weeks ago. And the order has been utterly ignored by the company. The railway has been violating the law all this time, and has shown no inclination to obey the city's order, which was a perfectly reasonable and usual one."

The hearing this morning, in which Mayor Johnson is cited before Judge Ford for contempt, will be stubbornly contested on both sides, and promises to be sensational and dramatic.

RUSSELL SAGE IN A STEEL VAULT.

The body of Russell Sage was taken to Troy, N. Y., and buried in Oakwood Cemetery in a steel compartment specially constructed to resist any attack that might be made upon it and to prevent the possibility of another robbery by ghouls like that of A. T. Stewart's remains. It was Mrs. Sage's idea to take every precaution to prevent the despoliation of her husband's last resting place.

The steel vault cost $22,000 and was cast in Albany. It is 7 feet 11 inches long, 42 inches wide and 32 inches in depth, and is said to be absolutely burglar proof. On each side of the vault there are four self locking clasps. On each end are two clasps of the same type. It is said that once locked they cannot be opened. Between the clasps are heavy rivets.

It weighs three tons and is said to be of such fine-tempered metal as to be strong enough to withstand any number of charges of dynamite. As a matter of precaution, however, it is equipped with electrical appliances that will give an alarm in the event of the vault being tampered with. It is said that for the first year a guard will be stationed near the vault at night to further insure it against burglars.

The body of Mr. Sage was taken from his Fifth avenue home and put on a special car attached to the Montreal express from the Grand Central Station at 9:45 o'clock yesterday morning. Mrs. Sage, Col. J. J. Slocum, Mrs. Munn, the wife of Dr. John P. Munn; Mr. and Mrs. Charles E. Chapin and the Rev. Mr. Hageman, assistant rector of the Collegiate Church of St. Nicholas, went with the body to Troy. When the train arrived at the Troy station about 4,000 persons were waiting. The funeral car was detached and run over to the Oakwood Cemetery.

There was another crowd at the cemetery; but a tent had been raised over the grave, which prevented those on the outside from seeing the burial services.

Dr. Hageman read a short bural service. Mrs. Sage wept while the prayer was being read. The services were brief and then Mrs. Sage, with those who accompanied her, returned to the special car which had brought them to Troy. They had to wait nearly three hours in the car before they started back again for New York, which they reached at 9 o'clock last night.

A monument will be raised over the grave and on it will be this epitaph:

"I have done the best I could by the light of day."

It is understood that Mr. Sage's will will not be filed for probate until Friday, although it had been announced by the lawyers that it would be probated today. One reason for the postponement, it was said, is that while Mr. Sage had been ill for some time his death was not expected, and certain of his business affairs had to be attended to before the will was filed.

Extra Choice Head CAROLINA RICE Just received by J. C. MILBURN,

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

THURSDAY EVENING, JULY 26, 1906.

THE private secretary of the President has again issued a semi-official denial that Mr. Roosevelt will be a candidate for renomination and says: "The President meant exactly what he said on the night of his election, that he would not be a candidate again for the office. That statement is irrevocable." But what will the President do if the army of present and prospective federal office-holders, that always dominate a republican national convention, backed by the greater army of republican office-holders and candidates for office, should nominate him? This they are quite likely to do for they will feel that their chances of another term at the public trough, will be enhanced by his renomination. Will President Roosevelt decline a third term if he is nominated? That is the question.

THAT was a hard hit Secretary Taft gave the republican officeholders of North Carolina when he recently told them it would be better for the party if all the federal offices were held by the democrats. He evidently has been reading what the republican newspapers in that State have to say about the character of the incumbents. The general run of federal officeholders in the southern states are a set of selfish schemers with a few smart colored men sprinkled in to keep the colored brother from kicking. But who is to blame? The administration appoints them and should select better material, if they have it, or appoint democrats, as the President once said he would do—but he didn't.

IN FULL control of all sources of figures that will support their cry of unexampled prosperity, the administration has started giving out estimates of the receipts for the present fiscal year. It was declared yesterday that customs receipts already run about $3,000,000 higher than for last July, and internal revenue receipts about $1,000,000 greater. Figures of this sort will be given out frequently, until after the November election, and all expenditures kept to the lowest possible basis, that the balance may be astonishingly beyond any other year. When the congressional elections are over the money will flow out in a stream. Still thousands of voters will be caught by just such chaff.

CHAIRMAN CORTELYOU who is also by favor of President Roosevelt dispenser of the enormous patronage of the Postoffice Department, had, it is said, $400,000 left over of the trust contributions to the campaign of 1904. This is probably about the amount that the life insurance corporation officials filched from the fund that should have been sacred to the widows and orphans of the policy holders. As President Roosevelt refused to order restitution to be made of this tainted money, how appropriate it will be to use it to try and reelect those republican members of Congress who refused to pass the bill to prevent contributions from such a source.

THE tariff-fed trusts manifestly have little confidence either in the large republican majority of the Senate or in President Roosevelt. They cannot help betraying the fear, through their orators and organs, that if a democratic House in the next Congress should make a reasonable revising of the Dingley act the Senate would also pass the bill, and that the President would sign it. There is a good deal of reason for this apprehension of the trusts as to their continued opportunities of spoliation. Hence the great importance of electing a democratic anti-trust majority to the next national House of Representatives.

WHEN Secretary Root attempts to manipulate the Pan-American conference at Rio Janeiro, he will run up against the so-called Drago doctrine as opposed to the "big stick" The Drago doctrine is merely a declaration against the indiscriminate use of force in collecting debts from a nation, but it is expected that the United States delegates will oppose its adoption.

ONCE MORE it is announced from republican headquarters that the tariff is to be revised "only by its friends." Concerning this the Philadelphia Record says: "We have long known all about that; but what concerns the public is to know when these friendly movers are going to begin their work of revision."

THE republican campaign managers heaved a sigh of relief when the bill to prevent contributions from corporations was defeated in Congress. They need boodle badly just now to turn the tide of popular disproval.

GERMAN agrarian bodies are urging the passage of a bill which will exclude American canned meats from Germany. Unless the packers mend their ways American canned beef will soon be excluded from American.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, July 26.

If Mr. Bryan should be elected president, the vice-president will for the first time in the history of the country sit at the Cabinet table, and become an active participant in the administration in addition to his duties as presiding officer of the Senate. This declaration was made this morning by Representative Charles Towne, of New York, who is most prominently mentioned as Bryan's possible running mate in the next campaign. Mr. Towne frankly admitted that the position of vice-president would be very attractive to him, especially in view of what he knew to be Mr. Bryan's theories about the importance of the office. He said that while he would not campaign for the nomination, he was entirely willing to go on the ticket with Bryan. He would not run with anyone else than Bryan. He felt that he would be in a position to help the Bryan campaign in certain sections of the country. Mr. Towne leaves tonight for the west where he will make a number of addresses, the first at Oklahoma City.

After all these years American women are now to learn that what they supposed to be chamois skin with which they smoothed out the wrinkles on their faces was in reality unromantic, common sheep's skin. According to a report printed by the Department of Commerce and Labor today, not enough chamois skins are obtained throughout the world to supply the United States for more than a single day. This substitute, tenderly referred to by the department as "oil-tanned sheep or lamb skin lining is lighter and finer than that of the chamois. For strength and durability the chamois skin is preferable. According to the report recent inquiry in Switzerland shows that the annual crop of chamois skin averages between 5,000 and 6,000.

The headquarters of the Isthmian Canal Commission in this city was advised by cable today from Civil Governor Magoon, of the canal zone of the death on July 23d of Civil Engineer Robert L. Dunn, who was killed in a wreck in Culebra. No details of the accident are given. Mr. Dunn was from Peterstown, West Virginia. Governor Magoon reports one death yesterday in Colon from smallpox.

Thomas Tracey, of Boston, Mass., is to be the campaign manager of the American Federation of Labor, acting under the instructions of President Samuel Gompers. Mr. Tracey is a cigar maker by calling, although he has not worked at his trade for many years. He knows personally most of the members to whom labor has found it necessary to appeal in the past, and his judgment of them will be potent in the preparation of the black list soon to be completed.

Solicitor General Hoyt ruled today the eight-hour law does not apply to contractors engaged in the manufacture of shoes and socks for the army. This was in reply to a request from the War Department. The Solicitor General holds that foot gear is not public work within the meaning of the law in question.

China is about to adopt trial by jury as one of the principles in her new civil and criminal code. For several years a board of imperial commissioners has been laboring over the law system of the empire, and, according to an official report just received by the State Department, it has recently completed its first draft of recommendations to the throne.

News of the Day.

Miss Anna Crane, a gray-haired masseuse of New York, who was sent to Paris to rescue Evelyn Nesbit from Harry Thaw, declares that Thaw beat Miss Nesbit, as well as herself.

President Fallieres yesterday received Major Dreyfus, who was accompanied by Joseph Reinach, one of his stanchest supporters. The reception was a marked compliment to the reinstated officer. Dreyfus is starting for Switzerland on a two-months leave of absence.

Duke Ludwig of Bavaria, who is 75 years old, announces his intention to renounce his second morganatic wife, whom he married in 1892, in order to contract a third morganatic marriage with Fraulein Tordek, a young prima donna of the Royal Opera House at Munich.

As the result of the sudden parting of a steel cable by which a steel plate weighing 500 pounds, was being hoisted from a barge, at the foot of York street, Jersey City, N. J., to the shaft of the Pennsylvania Railroad tunnel being constructed to New York, two men were killed this morning.

The ship building companies which construct warships for the government will not be compelled to observe the eight-hour law. The Navy Department has been advised that the opinion of the Department of Justice is to the effect that a battleship under construction is not a public work under the eight-hour labor law.

The large brick warehouse of the McFadden-Weiss-Kyle Rice Milling Company at Beaumont, Texas, containing 50,000 sacks of rice, was destroyed by fire of unknown origin yesterday. The rice was valued at $200,000 and the building and contents at about $115,000. The loss is fully covered by insurance. The rice destroyed represented about half of the stock of rough rice in the South.

V. Baldwin Johnson, one of the leading coal dealers of Washington, was found dead in his bed by the family nurse early yesterday morning at his late home, 1201 Q street. His death was very sudden. His family, consisting of a wife and two daughters, had left town for the summer and were at a resort in Virginia. Mr. Johnson's death was totally unexpected to everyone. He was 48 years old.

President Palma, of Cuba, yesterday pardoned Miss Millie Brown, L. C. Giltner, and William Augustine, Americans residing in the Isle of Pines, and a message was immediately sent by wireless telegraph, ordering their release. The pardon is the outcome of efforts of Charge d'Affaires Sleeper, who obtained the promise of Secretary of Justice O'Farrill, to recommend clemency if the trio would promise not to again violate the American military order prohibiting private telegraph wires.

While attempting to hold up the United States mail and seize the horse and mail cart, which seventeen-year-old Fred Sams, the mail-carrier in the Shelton Laurel section of western North Carolina, was driving, the career of the noted desperado, Hiram Wilson, was brought to a bloody end. One shot by young Sams did it. Wilson was the most noted desperado of the mountains of western North Carolina and Tennessee, having killed a number of men. He did not think young Sams was armed, but when he seized the horse the youthful mail-carrier shot him dead. No action has been taken against Sams for the killing. On the contrary, he will probably be rewarded.

An alarming increase in the number of cases of typhoid fever in Washington is shown by the report of the health office for the week ended July 21, which was submitted to the District Commissioners yesterday. At the end of the week, the report says, there were 124 cases under treatment, 50 of which were reported during the week. The number of new cases was offset by 16 discharges, 6 of which were by death. At the close of the corresponding week in 1905 there were 84 cases under treatment. The mortality record of the week shows 139 deaths, a decrease of two from the previous week. Of these deaths 33 were of children under one year and six were of children between one and four years. Seventy-eight were white and 61 were negroes.

Offered to Sell Their Bodies.

Warren Greenstreet, a baker of Kokomo, Ind., and Miss Maggie Downhour, a young lady whose parents were once wealthy, yesterday offered their bodies to three well-known Kokomo physicians, saying they had agreed to sell their bodies, have a good time with the money realized from the sale, and then end it all by committing suicide.

They had decided to use chloroform and begged the physicians to buy their bodies. The doctors refused to buy and tried to dissuade them from their purpose, but failed to do so, and, in order to prevent them carrying the compact into execution, informed the police and the pair were placed under surveilance.

Several years ago the Downhour family was in good circumstances, but during the natural gas boom the father made some bad investments and was reduced to proverty. Maggie did not want to be a burden on her aged father and mother, and went out to service in private families.

She and Greenstreet became acquainted and subsequently engaged, but their earnings have been small, and they have not been able to save enough to justify marriage. After considering the matter from all points of view they decided to commit suicide, first selling their bodies and having a good time on the money.

Strike Leaders Indicted.

New indictments were returned yesterday by the grand jury in Chicago against Cornelius P. Shea, president of the International Brotherhood of Teamsters, and 42 other labor leaders and officials, 31 of whom were indicted when Shea was indicted a year ago.

The new indictments supersede the old ones, which were found at the conclusion of the great teamsters' strike last year. Twenty-seven counts are brought out in the indictment, the burden of them being conspiracy to injure the trade of a number of the largest business houses in the city, as well as that of all the express companies.

The men newly indicted are Rudolph Jonas, a teamster who is now under indictment for the alleged murder of Adolph Wegel, a butcher, whom, it is alleged, he beat and kicked into the river last week; Robert Noreen, treasurer of the Chicago Federation of Labor; Joseph Schultz, Thomas McCormick and John McCarthy, alleged "sluggers;" Edward Miller, of the Lumber Drivers' Union; Charles Wilbrant, secretary of the Teamsters' Joint Council; William Kelly, business agent of the Coal Teamsters' Union; Timothy Finn, a saloonkeeper; James Blake and "One Keenan."

Threats of Lynching.

William B. Maddux, white, aged 36 years, was arrested late yesterday afternoon at Bridgeville, Del., by State Detective James L. Hawkins, of Wilmington. Maddux is charged with an attempted assault upon Bertie M. Lankford aged 8 years, half-sister of Maddux's wife. It is said that the alleged assault occurred last Sunday afternoon. Maddux was carried to Seaford yesterday evening and had a hearing before Magistrate Parks, who committed him to Georgetown jail in default of $3,500 bail. An examination of the child was made by Dr. J. N. Johnson, of Seaford, who concluded that the attempt was made and said the child was injured. The child, with all innocence, told the court how he enticed her in a cornfield and all the circumstances of the alleged crime. Maddux made no defense other than to declare he was not guilty. Hundreds of persons swarmed around the magistrate's office, and crys of "Lynch the brute!" were heard on all sides. Only through a ruse of Detective Hawkins was he lodged safely in the lock-up. A strong guard is placed within and without the jail, as threats are still being made to lynch the prisoner.

An Official Denial.

Paris, July 26.—An official denial was issued today of the report that Major Dreyfus's face was slapped by an unnamed army officer last night at the Cercle Militaire, one of the most exclusive clubs in Paris. Major Dreyfus dined at the club last evening, but he was not molested.

Paris, July 26.—The reported slapping of Major Dreyfus by an army officer at the Cercle Militaire, last night, has called forth a spirited denial that any such incident ever occurred from the wife of the former prisoner of Devil's Island.

Incidentally, through her action in coming to her husband's defence, Madame Dreyfus has set at rest rumors which have been heard repeatedly to the effect that the relations between Major Dreyfus and his wife had become somewhat chilled.

In the annual meeting of the board of directors of the Virginia-Carolina Chemical Company, held last week in New York city, all the regular officers were re-elected with the exception of the assistant manager. For this position Mr. Hugh Miller, of Richmond, was appointed.

A CARD.

The lady managers of the Alexandria Hospital heartily endorse the efforts of the committee of citizens appointed by the Mayor now being made in behalf of the hospital for Alexandria Day at Luna Park, Monday, July 30th. It is earnestly requested that our people both old and young will turn out en masse and in this way help the work done by this institution. BY ORDER OF THE BOARD.

Virginia News.

William W. Blount, of Washington, son of D. W. Blount, of Pittsylvania county, and Miss Mary V. Nessmith, daughter of J. T. Nessmith, of Clarke county, were married yesterday afternoon in Leesburg.

After 40 years of service with the Western Union Telegraph Company, Col. Nicholas C. Pamplin, who has been manager of the company's Norfolk office since 1875, has resigned and will enter other lines of business.

Judge George L. Christian, through whose efforts an investigation of affairs at the Virginia Polytechnic Institute was ordered by the legislature, now declares that his son was guilty of hazing and does not wish the committee to investigate the hazing incident.

The Loudoun Camp Meeting Association has set apart Monday, August, 13, for the special use of the Sunday Schools of all denominations of that and adjoining counties. Rev. C. D. Bulla, of Alexandria, will address the superintendents, teachers and children at 11 a. m.

Judge J. M. Youmans, a former member of the Interstate Commerce Commission, who purchased the estate of Senator William M. Stewart, near Ashburn, Loudoun county, is seriously ill at his home, near Ashburn, with a complication of diseases. There is little hope of his recovery.

The largest cigar manufacturing plant in the world will be built and in operation in Richmond within a year. This is the announcement coming from an official source. The mammoth factory is to be operated by the American Cigar Company, which is controlled by the American Tobacco Company.

John Fauver, a widely known Frederick county farmer, died yesterday afternoon at his home at Mount Williams, that county, after a lingering illness of dropsy, aged sixty-five years. Mr. Fauver served in the Confederate army during the civil war as a member of Company B, Eleventh Virginia Cavalry. He is survived by a wife and three children.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this state, of the following patents: Michael Branch, Richmond, parelled square; Charles P. Breese, Norfolk, railway signaling system; James E. Dull, of Suffolk, hametug; Arcibald P. Ferguson, Pocahontas, line-stretcher; and Boniface A. Grasberger, Richmond, trolley-stand.

Col. Joseph Button, who was elected insurance commissioner by the legislature and was denied qualification by the State corporation commission on a constitutional question, took the necessary steps yesterday to bring the question referred to squarely before the State Court of Appeals. The proper legal papers were served on the commission, and service of the same was duly accepted. An early session of the Supreme Court has been provided for to take up the case.

Marcus J. Snapp, a retired business man of Winchester, died at his home early yesterday morning, the anniversary of his birth, after several years' illness, aged seventy-eight years. When John Brown was taken prisoner by United States troops at Harpers Ferry before the civil war Mr. Snapp was a member of the Winchester Rifles and took part in the capture of Brown and the stirring scenes that attended the latter's trial and execution. A wife, two daughters, and a number of brothers and sisters survive him.

A Novel Execution.

The most unique and novel legal hanging ever ocurring in the State of Maryland will be that of William Lee, colored, aged 17, convicted of felonious assault upon Mrs. Robert K. Barnes and Miss Frances Powell, of Kingston, near Princess Anne, Somerset county. The execution will take place today at some point in Somerset county—just where it was not stated last night by Sheriff Brown, of Somerset, and those who accompanied the condemned man to his execution place.

Lee, who had been in the Baltimore city jail, since his conviction in the Criminal Court on July 5, was spirited out of the jail at 6:30 last night in a dayton wagon, placed aboard the State oyster police steamer Governor McLane, Commander T. C. B. Howard, and at 7:25 o'clock was on his way to the county where he committed the crimes and where he will pay the penalty.

Lee was accompanied by Sheriff Brown and a number of deputies, six detectives, a number of newspaper men and several other persons who had been commissioned as special deputy sheriffs by the direction of Governor Warfield.

Lee had been on the McLane about three minutes only when the signal was given to cast off the lines, and at 7:30 o'clock the steamer had started towards the Chesapeake. On the McLane is a scaffold, which may be set up in some part of the country and used in the event of danger to Lee.

It was stated yesterday by a member of the party which accompanied Sheriff Brown that there were any number of sandy promontories in the Wicomico or deserted pieces of woodland where the scaffold could be erected and the execution over with before anyone in the neighborhood would be the wiser. This will most likely be the method employed to hang Lee.

It is thought that this course will be pursued.

On the way down the bay last night the death warrant, signed by Governor Warfield at 3 o'clock yesterday, exactly 20 days after Lee's conviction, was turned over to Sheriff Brown by Commander Howard, who had received it in his sealed orders from the Governor and was read to the condemned youth. The event took place in the cabin, the prisoner standing in the center of a group of those who were to be the official witnesses of his death.

Princess Anne, Somerset county, Md., July 26.—William Lee was hanged on Solomon's Lump, a barren island in Tangier Sound, within the waters of this county, at 8:25 this morning. He was pronounced dead in seventeen minutes. With a sheriff and his deputies, ministers, a scaffold and black robe and all the other requisites, Lee was brought from Baltimore last night on a State fishery vessel, which landed him on the island.

Today's Telegraphic News

Conditions in Russia.

St. Petersburg, July 26.—Paradoxical as it may seem in view of the disorders which were expected immediately to follow the dissolution of the Douma, Russia today is quieter than at any time since the parliament opened. To argue from this, however, that the fight for representative government has been abandoned and that the people will submit quietly to the dissolving of the assembly on which they have built such high hopes, would be rash. The present peace is apparently but the calm before the storm. To say that Russia is quiet today is but to state a present fact. What tomorrow will bring no one can predict. That the storm will break eventually, no one who knows how deeply rooted in the hearts of the people is the desire for a representative government doubts.

Odessa, Russia, July 26.—The city has resumed its normal conditions following the last anti-Jewish outbreak. Business is proceeding and the Jews are again living in their old quarters without being harassed by their enemies. The authorities have reimposed restraints upon the Hooligan element, making life safe for the Jews, and the refugees who fled from the city, in fear of a massacre, are returning to the city.

Vienna, July 26.—One hundred and eight Jewish children, whose parents were murdered during the massacre at Bialystok, passed through Lemberg today by route to the United States.

St. Petersburg, July 26.—Advices received this afternoon state that disorders are spreading through out the Caucasus. The situation at Shuisa has become so serious that it has been necessary to employ artillery against the strikers. It is feared that these disorders are only the forerunners of great disturbances.

Instructions have been sent to the Governors of all provinces not to allow the constitutional democrats or any of the labor leaders to hold meetings.

Russell Sage's Will.

New York, July 26.—It is stated authoritatively that Russell Sage's entire fortune has been left to his widow. When the will of the millionaire is read at the home of Mrs. Sage today, it will be disclosed that with the exception of a small bequest to Mrs. Fannie Chapman, of Oneida, who died two years ago, the estate has been left to Mrs. Sage. The will shows that the estate amounts to $60,000,000. The date of the will shows it to have been made after Mr. Sage's breakdown in 1901. There will undoubtedly be a contest of the will by the Troy relatives on the ground that while Mr. Sage was in full possession of his faculties, he made a will providing for all his kin, but that following his breakdown in 1901, a new testament was made, placing his entire fortune at Mrs. Sage's disposal. Not one dollar of the many millions was left to charity, it is understood. That Mrs. Sage will do much for charity is generally believed. The old will, made by Mr. Sage seven years ago, gave to his wife what would legally fall to her in the event he died without making a will, and they have no children. This would have given Mrs. Sage one-half of the personal property. The other half would be equally divided among his next of kin. There are twenty-six of next of kin, and each would receive a little more than a million dollars. The will was drawn by A. P. Goodwin, and will be probated tomorrow.

Delegates Received by the King.

London, July 26.—The delegates to the interparliamentary conference were visitors this morning to Buckingham Palace where the distinguished foreigners who made up the conference were received by King Edward. At his reception of the delegates King Edward received William J. Bryan in special private audience. Mr. Bryan was introduced by Ambassador Reid. The visit was paid at the King's special request, and was quite informal, his majesty receiving the distinguished American with the cordiality which he usually shows to visitors in whom he is interested. The reception to the delegates took the form of a levee. The King stood in front of the throne and shook hands with the delegates as they passed him. Congressmen Bartoldt, of Missouri; Burton, of Ohio, and Hoar, of Massachusetts, the American delegates to the conference, were all present. Mr. Bryan accompanied his three countrymen as a guest at the reception.

Mayor Johnson in Court.

Cleveland, O., July 26.—With his usual smile, Mayor Tom L. Johnson appeared in Judge Ford's court promptly at 9:30 o'clock today to answer the charge of contempt of court. With him were Director of Public Service Springborn and an array of attorneys. The case was opened by the Traction attorneys offering proof that the Mayor and Springborn had been served with notice to discontinue tearing up the tracks on Fulton Road yesterday, but the injunction was ignored. Before entering court Mayor Johnson showed how the railroad company had defied the law of the city by refusing to remove the tracks when ordered to do so. Judge Ford reserve decision on the contempt case until Friday. The "Three For" line this morning had gangs of workmen laying tracks for the low-fare line on the disputed territory on Fulton Road. The old company made no response to the efforts. A big detail of police was on hand.

Contemplated Reforms in China.

Berlin, July 26.—Official information states that the Emperor of China contemplates two radical reforms and enforcing their acceptance throughout the empire. The reforms are the abolition of pigtails and the mutilation of women's feet. The Emperor of China intends to initiate the reforms in a decree ordering all soldiers, policemen and civil servants to cut off pigtails. The complete realization of both reforms thenceforth to be gradual. The government has been hesitating to take this step fearing a rising against a change of such ancient traditions and the opportunity to stir up millions of inhabitants to fight in defence of pigtails and binding of women's feet. The authorities, however, feel assured of the moral support of the powers in their effort to carry out the reforms.

New York Stock Market.

New York, July 26.—After a decidedly strong opening of which advances of a point or more were made in many issues the market became heavy profit taking sales and a large part of the early gains were lost before the end of the first hour. A good deal of interest is attached in the street, to the expected return from Europe of J. P. Morgan, today. Government bonds unchanged.

Alleges His Innocence.

New York, July 26.—Frank J. Constantine, under arrest in Poughkeepsie on the charge of having murdered Mrs. Arthur W. Gentry in Chicago, declared today that his brother and double is in reality the man the police should have in custody. The prisoner's mother, Mr. Royce Constantine, owner of a grocery store at No. 309 east 111th street, stated today that the Poughkeepsie officials have made a mistake and that her son is telling the truth when he says his brother should be the prisoner. Both Mrs. Constantine and the prisoner declare that he has never been in Chicago, where the murder was committed on January 5 last, when Mrs. Gentry's head was almost severed from her body with a razor. Mrs. Gentry was bride of the president of the Universal Trading Company, and the deliberate manner in which she was murdered caused a sensation throughout the country. The murderer stole up behind the woman and without the slightest warning, drew a razor across her throat. The police declare that Gentry took Constantine in his home as a boarder and that the prisoner fell in love with Mrs. Gentry. He tried to get her to run away with him, and failing in this, he slew her in a fit of jealous frenzy.

Perilous Ascension.

Boston, July 26.—Hanging by his hands, 2,000 feet in the air, a mere speck in the sky, which the crowd below expected momentarily to dash to the earth, Floyd C. Thompson, the general manager of Wonderland, at Revere Beach, made a perilous ascension in the balloon of Professor Laroux on the park grounds, yesterday afternoon. Mr. Thompson, unused to making ascensions, lost his seat almost as soon as the balloon left the earth, and although he succeeded in keeping his position beneath the big silken bag, it was only by the exertion of all his strength that he did so. Below the thousands of spectators stood and watched the course of the balloon until Mr. Thompson pulled the string that released the big parachute and let him gently to the ground. For the past week or more Professor Laroux and his assistants have been making daily ascensions from Wonderland and yesterday, less than half an hour before the time for the balloon to go up, Mr. Thompson, who has been an interested spectator each day, announced his intention of making the trip. Mrs. Laroux who made the ascension with Mr. Thompson, went several hundred feet higher than Mr. Thompson before making his descent.

Destructive Fire.

Leeds, England, July 26.—Fire which started in the centre of the city last night was finally drowned out early this morning. The total loss is estimated at $1,250,000. The flames started in a block of high buildings occupied by Hotham & Whiting on Wellington street. A strong breeze fanned the flames which spread to adjoining warehouses. These were soon a mass of ruins. The great Northern Hotel next caught fire and was burned to the ground. The hotel was crowded with guests, but as there had been sufficient warning, there was little panic among them. So far no casualties have been reported.

Child's Bite May Kill.

Boston, July 26.—Dr. Edward H. Place, a house physician at the City Hospital, is seriously ill from blood poisoning, the result of being bitten by a child patient in the diphtheria ward. The child was choking to death, and Dr. Place, by inserting a tube in the child's throat, saved its life. As the physician was withdrawing the tube the child seized one of his fingers in its teeth. The wound was quickly cauterized, but blood poisoning set in.

Steamer Breaks in Two.

Cleveland, O., July 26.—In a heavy fog the freight steamer C. W. Elphicke crashed into the breakwater, last night, broke in two and sank. Seventeen persons aboard, including the captain's wife and another, were saved by life savers and a tug. The boat is a total wreck. She was loaded with coal, bound up the lake. The loss to the Gilchrist Transportation Company will be about $70,000.

Troops for Mexican Border.

Fort Worth, Tex., July 26.—Forty-one cars loaded with federal troops passed through here last night bound for the Mexican border. It is believed the government is strengthening the posts in anticipation of threatened uprising in the sister republic.

County Assessor Waylaid.

J. W. Coulter, of Leslie S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed by E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Mayor's Proclamation.

BY THE MAYOR OF THE CITY OF ALEXANDRIA, VIRGINIA.—A PROCLAMATION.

In compliance with an act of the City Council in regular session Tuesday, July 24, 1906, I, Fred. J. Paff, Mayor of the city of Alexandria, Va., do hereby proclaim a part of Monday July 30th, 1906, beginning at 3 p. m. a legal holiday in our city.

The object of this proclamation is to give our citizens an opportunity to assist in the very laudable cause of raising funds for the Alexandria Hospital a grand institution in which we are all interested and pardonably proud.

Wherefore, I do recommend that the part of the day above designated be observed throughout the city as fully as is consistent with good business policy, and that the people ceasing from their daily labors hie themselves to Luna Park the management of which has designated this as Alexandria Day, and entered into an agreement whereby the aforesaid institution will be greatly benefited.

In witness whereof I have hereunto set my hand, and caused the seal of the City to be affixed.

Done at the city of Alexandria, Va., this twenty-sixth day of July, nineteen hundred and six. FRED J. PAFF, Mayor.

The Scarcity of Ice.

The partial ice famine which has prevailed in Washington the last two days will, it is expected, be broken today by the arrival of the schooner Kreger, having on board 1,800 tons of Maine ice. The Kreger passed through the Capes yesterday morning and was immediately placed taken tow by the tugboat W. H. Yerkes, which is rapidly towing it up the river. The schooner Kennebec, with 3,000 tons, is expected by Friday or Saturday. The schooner T. A. Stinson, which has sailed from Bath, Me., is due in Washington by August 1, and is expected to arrive long before the cargoes of the Kennebec and Kreger are consumed.

The schooner Henry S. Little, from Maine, with ice to the Mutual Ice Company of this city, passed in the capes at 6 o'clock yesterday evening. The company received two loads of ice from Winston-Salem, N. C., yesterday.

Preparing for Alexandria Day.

The committee having charge of the arrangements for the observance of Alexandria day next Monday at Luna Park have about perfected arrangements for the occasion. The committee has sold 15,000 gate tickets to a business firm, and these tickets will be distributed to its patrons. Agents of the committee will have gate tickets for sale at the car stations in Washington and Alexandria, and the entire proceeds of the sale of such tickets will go to the committee for the benefit of the Alexandria Hospital. A fixed percentage of the proceeds derived from the amusements at the park during the day will also be given for the benefit of the hospital, and the Washington, Alexandria and Mount Vernon Electric Railway Company has announced that the proceeds from a third of the tickets sold over its lines during the day will be given for the same purpose.

Accidents.

Mr. Forest Crook of this city, while packing a cylinder at the Washington navy yard yesterday, had the little finger on his right hand cut off. He was taken to Providence Hospital for treatment.

A colored boy named Lane, who resides on Oronoco street in this city, was run over by a light engine at the new union depot yesterday afternoon and had his right foot cut off. He was taken to a Washington hospital for treatment.

Mr. John Allen, a bricklayer of this city, fell from a scaffold while at work in Washington this morning and was painfully injured.

Mr. Walter Douglas had one of his feet badly mashed by being struck with a sledge hammer while at work at the Alexandria Iron Works this morning.

Eagles' Excursion.

All the arrangements for the Eagles' excursion to Marshall Hall next Monday have been completed and a most enjoyable time is promised all who attend. The committee having charge of the excursion held a meeting last night and decided to engage another boat for the occasion. This was found necessary owing to the large number of tickets sold, thus insuring comfort to all who take the trip. The fat men's race will be run in the afternoon and no doubt will prove an interesting attraction. The voting contest for the most popular Eagle will close at 9:30 p. m., on the night of the excursion. The prize will be a beautiful charm.

Diamond Stud Recovered.

The Washingtonian who lost a $200 diamond stud in a north Lee street resort on Tuesday recovered the gem yesterday. Lieutenant Smith and Officer Beach went to work on the case and traced the man who was supposed to have the stud in his possession to Washington. They requested the authorities of that city to aid them in recovering the stolen property. Later the man who had taken the stud appeared in this city, sought the officers and gave up the gem. He alleged that he took it from his friend's shirt front in order to keep it from being stolen.

Jumped the Track.

A Chesspeake and Ohio freight car while being backed out of the Wilkes street tunnel yesterday afternoon jumped the track and was knocked from its trucks. It collided with a car loaded with sugar on another track, damaging it and causing the sugar to flow out. A number of boys soon gathered and helped themselves to the contents of the car, until driven off by the train hands, after which the car was raised. Several ports supporting the signals at the east end of the tunnel were knocked down by the derailed car.

Lights on Upper King Street.

At the meeting of the City Council on Tuesday night last a resolution was adopted requesting the Mayor to confer with the authorities of the Washington-Southern Railway in regard to placing lights from the new union depot to the corporation line. Yesterday, it is said, the railway company made arrangements to place five electric lights on King street extended. For some reason, however, the authorities of Alexandria county stopped the work.

Pleasant Evening Excursion.

People who desire to spend several hours in the cool of the evening on the Potomac should take advantage of the excursion trips made by the steamer Charles Macalester. The steamer is fast, modern and commodious, and has always been popular with excursionists. The Macalester will stop at Alexandria on Thursday, Friday Saturday and evenings. The steamer will touch at Marshall Hall and afterwards proceed about 30 miles down the river, returning about 10:30 o'clock.

The New Engine.

The new steam fire engine now being built at Seneca Falls, N. Y., for this city is expected to arrive early in September. As has heretofore been stated, the engine will be of the Metropolitan type, and thoroughly modern in every particular.

Personal.

Mrs. Capt. Matt Kersey of south Fairfax street, and her niece, Miss Maude Phillips, of south Lee street, are visiting relatives and friends in Salisbury and White Haven, Md.

Mrs. J. J. Sullivan and children are visiting relatives and friends in Charlottesville.

Miss Estelle Brady, of Washington, is visiting Miss Mamie Godfrey, on north Columbus street.

Miss Mary Custis Lee is at Atlantic City.

State Senator Machen has returned from Richmond where he went to attend a meeting of the legislative committee which investigated the Virginia Military Institute. The report of the committee has been prepared and is ready to be presented to the Governor.

Miss Laura Smoot and her nieces, Misses Florence and Laura Davenhower, will leave next week for Europe for a protracted stay. Mrs. Danenhower expects to join her daughters next fall.

Mrs. P. W. van de Westelaken, her son, Frank P. van de Westelaken, and Mrs. Henri Rohmild and grandchild of Mrs. Rohmild went to Colonial Beach yesterday for a 10 days' stay.

Rev. J. H. S. Ewell and family have gone to Round Hill for their vacation.

Mr. J. H. Ramsey has gone to Cape May C. H., to spend the remainder of the summer.

Mrs. S. H. Feagans is seriously ill at her home in the northwestern section of the city.

Mrs. C. C. Leadbeater left yesterday for a two weeks stay at Atlantic City.

Burnette-Green Nuptials.

Miss Nellie Moore Green, of Waco, who recently took high honors at the New England Conservatory of Music, Boston, Mass., was married in New York on the afternoon of July 3rd in the Church of Transfiguration to Mr. Le Roy D. Burnette, of Boston, in the presence of friends and relatives including her mother, Mrs. Chas. W. Green, of Waco, Texas, and several other friends from the same city. Miss Nellie Green came from Richmond, Va., at an early age and has spent much of her life in Waco, where she has many devoted friends, who will extend hearty congratulations. She is a young lady of brilliant accomplishments, especially in music, and has a number of relatives who were among the heroic pioneers of Texas. Her granduncle, Commodore Edwin Ward Moore, had command of the Texas navy during her independence as a republic, until admission into the United States. The gentleman who has won this bright and attractive Texas girl, is prominent in business and social circles in Boston and a man of sterling worth. After spending several weeks in Virginia and West Virginia they will return to Boston to their beautifully prepared home. It is by such unions of the blue and grey that sectional discords are removed and strength is given to the nation by the hand-grasps of Massachusetts and Texas. —[Waco, Texas. Times-Herald, July 11.] The bride is a daughter of Mr. and Mrs. Chas. W. Green formerly of this city.

Luna Park.

As has been stated in the Gazette, the Washington, Alexandria and Mount Vernon Railway Company has purchased Luna Park in its entirety, and it is said that many improvements are to be made in the resort. The directors held a meeting in Washington yesterday afternoon to make certain plans about the property. It is understood that Mr. Frederick Ingersoll of Pittsburg will retire from the management of the park and that Mr. Clarence P. King, of Philadelphia, will be appointed manager of the property. Mr. Ingersoll is in ill-health and is retiring from the property on that account. He is suffering from appendicitis and will be operated on in Pittsburg for that disease on Thursday. Under the new arrangements the park will be under the control of Frederick H. Treat, of the Washington, Alexandria and Mount Vernon Railway, and John W. Bitcock, secretary and treasurer of that company. Mr. Henry E. Warner, the press agent of the park, has resigned his position.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Bessie Johnson, arrested by Officers Beach and Lyles charged with disorderly conduct, was fined $5.

Julia Braxton, colored, arrested by Officer Jones charged with leaving a nuisance on property lately occupied by her, was dismissed.

James Johnson, colored, arrested by Officers Bettis and Nicholson for escaping from the reform school, was turned over to a guard from that institution.

Mack Jameson, colored, arrested by Officers Young and Sherwood charged with discharging a pistol in the city limits, was fined $5.

James Jones, colored, arrested by Officer Ferguson for larceny, was dismissed after his mother had corrected him.

"General" Grayson, arrested by Officer Jones for disorderly conduct and fighting, was fined $2.50. Lettie Grayson, arrested by the same officer on a similar charge, was dismissed.

Ordinances Signed.

Mayor Paff yesterday signed the ordinance granting Mr. E. E. Mandeville, of Philadelphia, the franchise to furnish electricity to Alexandria, also the ordinance embracing the contract between Mr. Mandeville and the city. After signing the papers the Mayor turned the pen over to Mr. C. C. Carlin who fowarded it to Mr. Mandeville at the latter's request. The ordinance granting the franchise will be found on the fourth page of today's Gazette.

Needs Attention.

The bulkhead at the foot of Fayette alley needs immediate attention. The earth has been crumbling away for some time, and if not rendered more substantial it will not be long before it will be impossible to move vehicles on that portion of the Strand.

The schooner Juliet L. Hopkins, from Baltimore with fertilizer to W. A. Smoot & Co., has arrived.

May Live 100 Years.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Arguments Heard.

Judge C. E. Nicol, of the Circuit Court, today heard argument in the chancery case of J. P. Agnew & Co. against the Jackson-Phillips Brick Company, of Alexandria county. The case came up before Judge Nicol in February, and was referred by him to Special Commissoner Eugene B. Taylor to examine the assets and liabilities of the defendant company and make report. The report of Commissioner Taylor, which was filed with the clerk of the Corporation Court several weeks ago, as stated at that time, is said to be one of the largest that has ever been filed at the clerk's office in this city.

Boy Killed.

Information was received in this city this evening of the killing of a white boy by a Southern Railway train at Bristow station, above Manassas, last night. There was nothing found on the boy by which to identify him, but it is believed that he lived in this city. The railroad officials have no information concerning the matter other than the body of the boy was found near the track at an early hour this morning by a section hand.

Robbed on a Train.

William Ewing, of Washington, while asleep on a Southern Railway train was robbed of $19. Ewing boarded a train at Culpeper, early yesterday morning for Washington. Feeling somewhat tired, he fell asleep and did not wake until the train reached the Pennsylvania station in Washington. When Ewing endeavored to pay for a paper, he found his purse missing.

Partial Holiday.

As will be seen by a proclamation elsewhere in the Gazette, Mayor Paff has proclaimed a part of Monday next, July 30, beginning at 3 p. m., a legal holiday. The object is to give the people of this city an opportunity to participate in Alexandria Day at Luna Park. A per-centage of the proceeds will be devoted to the Alexandria Hospital.

Increased Capital.

An amendment to the charter of the Paff Shoe Company has been granted by the State Corporation Commission increasing the capital stock of the company from a minimum of $50,000 to a minimum of $150,000.

Date Changed.

The carnival to be held on the old fair grounds under the auspices of the Alexandria Light Infantry will begin on August 6 instead of July 30, as at first proposed.

LOCAL BREVITIES.

A marriage license was issued in Washington yesterday to Jerry B. McDonald, of Alexandria, and Myrtle L. Kelley, of Trapp.

The ladies of Grace Church will give a lawn party in the church yard tonight, and all who attend are promised a pleasant time.

New music, sketch talk, violin solos and spirited song service at the Crittenton Home at eight o'clock tonight. All are welcome.

Mico water which the Mutual Ice Company is furnishing its customers is growing more popular all the time. Many persons drink no other water during the summer season.

Robert Jones and Ruth Smith, two well known colored residents, of this city, will be married at Zion Baptist Church, on south Lee street, on the night of August 3 at 8:30 o'clock.

There will be an ice cream festival at the mission at the corner of Pendleton and Columbus streets tonight and Friday night at 6:30 o'clock. Valuable presents will be given away during the festival.

Hugh L. Strider, who had been released on bail on the charge of receiving stolen property, but who was yesterday surrendered by his bondsmen, gave bond again today and was released from custody.

We have received from Mr. D. J. Hoge, president, an invitation to attend the 29th annual meeting of the Prohibition and Evangelical Association, of Purcellville, to be held from July 31 to August 8th, inclusive, with his "thanks for the kindly notice of some of the 'bush meeting attractions' in the editorial column of the Gazette of the 19th."

STABBED TO DEATH.

Col. Salamatoff, of Warsaw province, was stabbed to death in that city yesterday. The assassin escaped.

Salamatoff has been active in the repressive measures. He was walking on Mokotowska street at about noon, when he was attacked by two men, who stabbed him several times and then, as the colonel sank down dying walked quickly away in different directions, without the spectators trying to stop them.

A plan to kill Gov. Gen. Kritnitsky was frustrated yesterday. The would-be assassin, who was heavily armed, resorted to bribery and then to force in order to remove the guard from the route by which the governor general was to pass, but failed. He was arrested.

Lawlessness in Warsaw is assuming alarming proportions. Daring thefts and robberies, with violence, are of daily occurrence. The police maintain a passive attitude.

A dispatch from Mitau, Russia, says that armed revolutionists are again in possession of the surrounding country. Two columns of troops are advancing, respectively, from the east and west.

The village of Etkai, which was fired during agrarian disorders, has been completely consumed.

A dispatch from Tiflis says that in consequence of revolutionary terrorism, the administration of the viceroyalty of the Caucasus has been completely paralyzed and officials are resigning in large numbers. Bandits roam about at will, even in the day time, in Tiflis and its suburbs, exacting tribute.

Senator Gorman's Estate.

A careful estimate of the value of the estate of the late Senator A. P. Gorman is $3,000,000. This estimate is made by a prominent financier of Baltimore who had frequent dealings with Mr. Gorman and who ought to have some idea regarding the wealth of the late Senator. This estimate is verified by statements of other gentlemen who had an inkling of the size of Mr. Gorman's fortune. One statement is made that Mr. Gorman's share as a stockholder of the millions paid by the Fuller syndicate for the West Virginia Central Railway and its allied properties was $1,000,000. It is also said that before the sale of this property Mr. Gorman was a large possessor of Pennsylvania Railroad stock. In addition to this holding, he was largely interested in the Washington Gas Company and in other enterprises of which John R. McLean, of Washington, is the head. In fact, it is stated that upon financial advice of Mr. McLean and of the late William C. Whitney, of New York, Mr. Gorman accumulated his fortune. In addition to his other holdings, Mr. Gorman was the possessor of large blocks of stock of coal companies and of real estate in Washington. His farm in Howard county was worth over $80,000. Just what Mr. Gorman was worth will probably never be known outside the family circle. He never made a display of his wealth and always avoided mention of his accumulations.

Official.

AN ORDINANCE to grant the right to Edward E. Mandeville, his successors and assigns, to furnish electricity for light, heat, power and any other general purposes to the city of Alexandria and the inhabitants thereof, and to erect, construct and maintain the necessary poles and fixtures and to run wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the city of Alexandria, for the purpose of supplying electricity.

Be it ordained by the City Council of Alexandria, Virginia:

1. That Edward E. Mandeville, his successors and assigns, be, and they are hereby, granted the right to furnish electricity for light, heat, power and any other general purposes to the City of Alexandria, and the inhabitants thereof, for a period of thirty (30) years, and for the purpose of furnishing and supplying electricity for light, heat, power, and other general purposes they are hereby granted the use of the streets, highways and other public ways and places of said City, and are authorized to erect, construct, and maintain the necessary poles, fixtures, and other essential apparatus, to construct and maintain conduits, and to run and maintain wires on, over, under and along the streets, public alleys, bridges, parks and other public ways and places in the City of Alexandria, in order to furnish and supply electricity for light, heat, power and other general purposes to the City Council of Alexandria and to the inhabitants of the City of Alexandria, upon the conditions, provisions and limitations hereinafter set forth, as well as under those set forth in such ordinances of the City of Alexandria, as may be applicable thereto, and as are not in conflict with this ordinance and the amendments heretofore made or which may be hereafter made to such ordinances.

2. Each route shall be first determined upon by the City Engineer before any poles are erected, and the Committee on Streets may require the said Edward E. Mandeville, his successors or assigns, to use and occupy the poles already erected by any person or corporation before the running of wires along such route, provided that the City Engineer first deliver to the said Edward E. Mandeville, his successors or assigns, permission in writing from the owners of such poles already erected, to run and maintain other wires thereon, at reasonable rates to be fixed by agreement or arbitration. All wires run and all work done in pursuance of this ordinance shall be done in a good workman like manner and of material suitable for the purpose, at the time the work is executed, and shall be approved as such by the City Engineer.

3. The rights and privileges hereby granted shall continue for thirty (30) years unless sooner forfeited as herein provided for, and upon the termination or forfeiture of this grant the entire plant, as well as the property of said Edward E. Mandeville, his successors or assigns, located in the streets, public alleys, or other public places in the city, shall become the property of the City Council of Alexandria, upon the payment to the said Edward E. Mandeville, his successors or assigns, by the City Council of Alexandria, of a fair cash valuation of said entire plant and property, but the said Edward E. Mandeville, his successors and assigns, shall be entitled to no compensation by reason of the value of the franchise hereby granted. In the event of the City Council of Alexandria and the said Edward E. Mandeville, his successors or assigns, being unable at least six months prior to the termination of this grant, or within thirty days after the forfeiture thereof, to agree upon a fair and just cash valuation of said plant and property, then and in that event, such valuation shall be determined by arbitrators, one to be appointed by the City Council of Alexandria, one by the said Edward E. Mandeville, his successors or assigns, and the third (in case of disagreement by such arbitrators) by these two arbitrators, or, in the event of the two so chosen being unable, within twenty days after the date of the appointment of whichever of the two was last appointed, to agree upon a valuation, or failing that to agree upon a third arbitrator, the third arbitrator shall be appointed, by the then Judge of the Sixteenth Judicial Circuit of the State of Virginia, and the three arbitrators so appointed, shall proceed to establish a fair cash valuation of said plant and property, excluding the value of or any compensation for the franchise hereby granted, and upon the payment of the amount so established and fixed to the said Edward E. Mandeville, his successors or assigns, by City Council of Alexandria, the said plant and property shall thereupon vest absolutely in the City Council of Alexandria, and any expense incurred for compensation for the three arbitrators so appointed, shall be borne by the said Edward E. Mandeville, his successors or assigns, and the said City Council of Alexandria, equally.

4. The City Council of Alexandria expressly reserves the right to impose other reasonable regulations, conditions and requirements upon the said Edward E. Mandeville, his successors or assigns, and to pass such other ordinances as may be necessary to secure efficiency of public service by said Edward E. Mandeville, his successors or assigns, at reasonable rates, and to compel the said Edward E. Mandeville, his successors or assigns, to maintain said plant and property of the said Edward E. Mandeville, his successors or assigns, in good order throughout the term of this grant; and it is hereby expressly provided that for a failure to comply with any material provision of this ordinance or of any such regulation, condition, requirement or other ordinance, this ordinance may be declared forfeited by said City Council of Alexandria, and be repealed, and the franchise hereby granted be declared to be at an end, provided always that any such failure shall not have been made good by the said Edward E. Mandeville, his successors or assigns, within ninety days after written notification of such failure to said Edward E. Mandeville, his successors or assigns, provided always that any such failure resulting from the act of God, public enemy, strikes at home or abroad or from any other unavoidable accidents or events, shall not be deemed a ground for declaring the franchise, rights and privileges hereby granted repealed, forfeited or at an end.

And it is further provided that should the said Edward E. Mandeville, his successors or assigns, be compelled by virtue of any state or municipal law or ordinance to place its or their conductors or any portion or portions thereof under ground, that the City Council of Alexandria shall provide, at its own expense, the trench or trenches necessary for the burying of such conductors, said City Council bearing the entire expense and responsibility incident to the opening and closing of such trench or trenches and the proper relaying of the pavement thereby disturbed, and said Edward E. Mandeville, his successors or assigns, bearing the entire expense incident to the furnishing and placing within such trench or trenches the underground conductors and conduits so required.

5. For failure to comply with any material requirement of this ordinance the said Edward E. Mandeville, his successors or assigns, shall be liable to a fine of not less than ten nor more than one hundred dollars for each offense, each day's failure to be a separate offense, said fine to be collected as other fines are collected and paid into the city treasury. The imposition of any fine under this section shall not prevent a forfeiture under the foregoing section.

6. That the said Edward E. Mandeville, his successors or assigns, in the equipment of the poles, wires, fixtures or other works will use such appliances as are best designed to prevent injury by electrolysis to the water and gas mains and pipes or other public improvements of the city, and will pay to the City Council all damages to gas mains and pipes occasioned by electrolysis caused by the failure to use such appliances and will also indemnify and save harmless the City Council from all claims of damages occasioned to person or property growing out of injury from the failure to use such appliances. The said Edward E. Mandeville, his successors or assigns, agree and bind themselves to hold the City Council free and harmless from liability from any and all damages, except as herein otherwise expressly agreed, that may accrue to any person or persons or corporation or corporations on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair or operation of the works and fixtures hereby authorized, and whenever the city is liable therefore and shall be sued for such damage either independently or jointly with the said Edward E. Mandeville, his successors or assigns, on account thereof, the said Edward E. Mandeville, his successors or assigns, upon notice to it or them by the City Council will, except in a case where it is herein agreed that the entire responsibility for any stated work shall lie on the City Council, defend the city in such suit, and in the event of a judgment being obtained against the City Council, either independently or jointly with the said Edward E. Mandeville, his successors or assigns, on account of acts or omissions of the said Edward E. Mandeville, his successors or assigns, then said Edward E. Mandeville, his successors or assigns, will pay such judgment with all costs, and hold the City Council harmless therefrom.

7. The said Edward E. Mandeville, his successors or assigns, shall have a telephone placed and kept in its or their central station and whenever it shall become necessary to have the current cut off the wires on any of its circuits during the progress of a fire, said Edward E. Mandeville, his successors or assigns, shall immediately, upon the receipt of a message from the Chief of the Fire Department, or his representative, have the current on such circuit cut off and allow it so to remain until notified by the said officer or his representative that the said current may be again turned on.

Should said Edward E. Mandeville, his successors or assigns, fail, at any time, to immediately obey any such message whenever given, it or they shall be liable to a fine of not less than ten dollars nor more than one hundred dollars for such failure.

8. The privileges hereby granted are given upon the following further conditions:

(a) That said Edward E. Mandeville, his successors or assigns, will, within six months from the date of approval by the Mayor of the city of Alexandria of this ordinance granting the privileges herein contained, begin to construct the work hereby authorized, as herein agreed, and fully complete the same within twelve months after the approval of said ordinance.

(b) That said Edward E. Mandeville, his successors or assigns, will continue to push to completion such work as herein agreed, until said Edward E. Mandeville, his successors or assigns, shall be ready to furnish an adequate current for electric light, heat and power.

(c) That said Edward E. Mandeville, his successors or assigns, shall, before commencing work under the provisions of this ordinance, execute a bond with security to be approved by a majority of the Finance Committee of the City Council of Alexandria, in the penal sum of ten thousand (10,000) dollars, conditioned upon the faithful construction and putting into operation, within the time prescribed, and for the proper maintenance and operation of the plant and works necessary to secure efficiency of public service, and to protect the City Council from damages arising from suits or otherwise, for which said Edward E. Mandeville, his successors or assigns, are responsible.

Section 2. This ordinance shall be in force from its passage.

KEEP YOUR SHOULDER TO THE WHEEL.

The big round dollar wheel—roll it along—roll as many as possible into the SAVINGS DEPARTMENT of this strong corporation where they will work day and night for you, earning 3 PER CENT. INTEREST compounded. Desiring to give the best possible advice we most earnestly advise you to save. Place yourself in a position to take advantage of a good opportunity when offered. To do this you must first of all deny yourself (not those dependant upon you) and SAVE MONEY. Little by little, but steadily, see the account increase and some day you will look upon the amount accumulated and be able to say you actually saved that money AND SAVED IT OUT OF YOURSELF. You should then watch for the opportunities that are offered in this day of extraordinary commercial and other developments and invest the fund wisely and cautiously. Think this over today—ONE DOLLAR will start you—so why not begin at once. We invite you to call and talk this matter over with our officials.
